**Renowned singer/songwriter Deborah Robertson releases new single  
"Jesus Can Heal Your Life"**

Singer/songwriter Deborah Robertson has been described as "star material" (Sunday Herald Sun) and as "A woman who sings the sweetest blues. The world will hear from this girl!" (MBAS Newsletter).

The former lead singer from premier big band The Cotton Club Orchestra and musical theatre actress for the QTC (Queensland Theatre Company) production of "The Threepenny Opera" and the MTC (Melbourne Theatre Co) production of "Miss Bosnia" says her latest single was "dropped into my hands by the Lord above."

"I was in my kitchen and began playing "air" piano and the tune and the words of "Jesus Can Heal Your Life" poured out. It's such a bold statement and yet the song is so gentle. "Jesus Can Heal Your Life" came at a time of tremendous uncertainty in my life but the Lord has certainly been faithful to the lyrics he gave me. Our God is singing songs of deliverance over us day and night and I believe I heard one of them. My hope is that the rest of the world hears "Jesus Can Heal Your Life" as well. Another bold statement..."

Deborah features THIS WEEKEND across Australia on **Lutheran Media's Face To Face** programme. Listen to the interview now, here: <http://bit.ly/2b3KUn8>
